Friday, August 17, 1951

WEST VALLEY HOSPITAL DIRECTOR GIVES ANSWERS TO OPPONENTS OF DISTRICT

Campbell And Los Gatos Kiwanis Are Told Of Cost Of Proposed Hospital

Herbert Shadle, chairman of the board of directors of the West Valley Hospital District, told members of a joint meeting of the Los Gatos and Campbell Kiwanis Clubs of the details and cost of constructing the proposed West Valley Hospital.

Shadle, speaking before a joint meeting of the two groups in Los Gatos, emphasized that the district was not fly by night project. "We have come this far in the West Valley Hospital District only after three years of careful consultation and close work with architects and hospital consultants."

He told of some of the arguments of opponents of the district, stating that opposition had developed because of fear about the cost and location of the hospital. He then continued to answer these arguments, stating the reason for locating the hospital in the Vasona Heights district, and elaborated on the cost and methods of financing the project.

"The location of the proposed hospital was chosen as near the center of population of the district as was possible. Persons in the Saratoga area are within five minutes travel of the hospital with the Campbell and Los Gatos areas even closer. It is true that the Cupertino district is slightly farther from the hospital than other points, but it is directly connected to the hospital site by modern high-speed roads."

Shadle explained the financing of the \$750,000 project, stating that bonds would be retired at the rate of 20c per \$100 assessed valuation for the first year and would be reduced accordingly with each year that passes. "The law provides that a maximum additional tax could be levied at the rate of 20c per \$100 assessed valuation. Should this tax be necessary, it would of course be reduced progressively by profits received from the operation of the hospital."

He stated that many of the opponents of the plan had doubted that the hospital would be able to operate on a

profitable basis. "Let us assume," the director continued, "that the hospital should charge the phenomenally low rate of \$10 a day. This rate, as you know, is far below the standard rates charged today. However, at even this exceptionally low rate, the hospital would gross a yearly income of \$180,000. This amount would carry a good portion of the overhead and would serve to reduce any additional taxes, should they be necessary, by a substantial amount."

The hospital would be owned, built and paid for by residents of the district. The board of directors are non-paid and may be discharged at any time the public sees fit to do so. "Since the hospital would be owned and paid for by the residents of the district, special rates would be extended to residents who attended the hospital. Using a two dollar reduction to residents of the area, the average resident would save the amount of taxes paid into the district in just a three-day stay at the hospital."

Shadle pointed out that the hospital would not be operated on the same standard as the County Hospital. "Since the residents of the district will have a direct part in the policies of the hospital, we do not intend to spend hospital money on charity cases."

Every resident would be entitled to a reduced rate while staying at the hospital. "We are serving a population of 55,000 persons in the district and we intend to see that they get satisfactory service from the hospital. Plans call for a hospital which will be accredited by the Association of Physicians and Surgeons. Without the approval of

TELLS ROTARY OF EXPERIENCES

DeWitt Portal, boxing coach at San Jose State, talked to members of the Campbell Rotary Club last Monday noon on various incidents of his career in instructing boxing. Portal holds a B.A. from San Jose State and an M.A. from Stanford. He is well known throughout the country as an outstanding representative in the field of physical education.

He told the group of the differences in inter-collegiate and professional boxing, stating that professional boxing is nothing more than a show put on for the enjoyment of the spectators who are itching to see some blood shed. "Purpose of professional boxing is to push the other fellow around and do as much damage to him as possible." He told his audience that the goal of intercollegiate boxing is to out-point the opponent and not to punish him as much as possible. To that end, he has developed a special headgear which is widely used in college boxing circles.

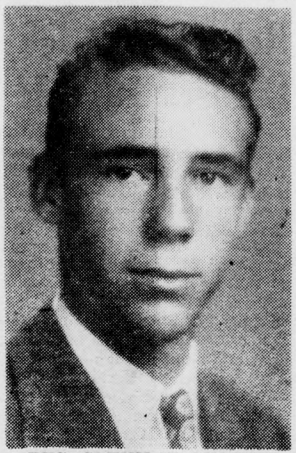

He stressed some of the psychological effects of boxing, stating that it gives the student a sense of self-confidence which is hard to get in any other manner. Portal told of a staged fight in a special class at Stanford to demonstrate the effect of crowd psychology. He told of the manner in which the class reacted to a heeler during the lesson and particularly of their reactions when he and the heeler staged a fight in front of them.

Portal also told the club of a 1939 trip he and members of the San Jose State boxing team had made to Japan and of the manner in which they were received at that time. Portal is planning to make another trip this year when he will teach boxing exercises as part of an Army sponsored program.

Next week, Rotary member Al Smith, agricultural instructor at the Campbell Union High school, will speak to the local club.

Final Rites Held For Campbell Man Killed In Korea

Final rites were held Tuesday for Pfc Glenn W. Skaggs, killed in action in Korea on August 17,

PFC. GLENN W. SKAGGS

1950. Skaggs, the son of Mr. and Mrs. I. O. Skaggs, 57 Sunnyside Avenue, had been a member of the U. S. Marine Corps for two years prior to his death. He had spent 14 months in Guam and 17 days in Korea. His training period was held at Camp Pendleton.

Skaggs was the brother of Darwin Paul Skaggs and Maurin Tramprell Skaggs, both of Campbell. Official U.S.M.C. services were held Tuesday at 2 p.m. from the Krug Memorial Chapel. Interment was in Santa Clara City Cemetery.

Press To Print Back To School Special Edition

Watch for the special Back To School edition next week containing pictures and descriptions of the new back to school styles. Extended circulation will be given to all the residents of the new housing tracts and developments in the area through special delivery by carrier of copies of the edition.

PETITIONS ASKING FOR SPECIAL ELECTION FOR CAMPBELL INCORPORATION TO BE CIRCULATED; PETITION PASSERS SOUGHT

Heavy Prune Crop Predicted For Santa Clara Valley

Early season estimates indicate a total prune surplus of 46,000 tons as of July 31, 1952. These figures indicate a considerably larger crop throughout the state and Santa Clara County than that of last year's. Estimated production for the state for the 1951 season sets the total tonnage at 178,000. To this total is added a surplus from the 1950 season of 24,500 tons to bring the total prunes available throughout the state to 208,500 tons.

Results of the prune crop for the Campbell Cooperative Dryer have been greater than earlier expectations. The dryer is now operating half of its 48 tunnels and hopes to jump to full operation by the middle of next week. Warm weather has made many of the prunes drop earlier, causing an early speed up of operations at the dryer.

Quality of the crop is not as good as first anticipated for a heavy crop and prune growers are unable to predict what prices will prevail for the various grades.

A long controversy has existed over the pricing of prunes and most growers are at a loss to predict the average price. Indications of an extremely heavy crop may force the total below the 20 million dollar mark set in the Santa Clara Valley for last year's crop.

A spokesman for the Prune Growers Association of which the Campbell Cooperative Dryer is a member, stated that this year's production for the association will exceed last year's total of 60,000 tons by approximately 15,000 tons.

Robert A. McArthur, Cupertino prune grower and chairman of the California Prune Marketing Program, urged this week that prune growers support the amended state marketing order for dried prunes as the best available means of disposing of normal prune crops with a reasonable expectancy of satisfactory returns.

The industry's pressing need at present is to increase prune sales to United States consumers, he said, which is the major purpose of this proposed program.

McArthur explained that through the Federal Marketing Order, quality control is carried on and the depressing effects of surplus production are restrained. These measures contribute greatly to a sound basis for doing business, but they do not sustain the interest of present consumers of prunes or gain new ones for them.

Fire Department To Sponsor Drive

Fire Chief Jack Scott announced plans this week for a fire prevention drive to start the first of September. Scott emphasized that the drive was not a part of fire prevention week, but is associated with a nation-wide program to reduce the factors which cause fires. In connection with the drive, the Campbell Fire Dept. will start inspections for fire hazards in and upon the premises of all homes in the Campbell Fire District.

Property owners in the district will be asked for permission to inspect their premises. Appointments for inspections will be made in advance with any property owners wishing inspection at a special time. Appointments may be made by telephoning Campbell 2600. Those not desiring inspection may state so upon being requested for permission.

Scott stated that the series of inspections will form the basis of educating people on what to look for in fire hazards. He said that he also felt that the inspections would locate a great many fire hazards.

The firemen will not make a detailed inspection, but will point out dangers such as accumulation of trash, rubbish, inflammable liquids, defective flues, fuse boxes, heaters, stoves, wiring or any other

(Continued on Page 8)

One Hundred Petitions Planned For Circulation In Campbell Area

Mrs. Charles Chubb, chairman of the petition committee of the committee for Campbell incorporation, announced Thursday that petitions calling for a special election on the issue of incorporation for the Campbell area will be circulated starting next week. The chairman of the committee stated that she plans to have approximately 100 petitions in circulation in every area of the proposed city.

Petitions calling for the special election must be signed by property owners whose holdings total a minimum of 25 percent of the total assessed valuation of the area selected for incorporation. Estimates set the assessed valuation of the district at approximately \$6½ million, with an estimated population of 10,000.

Petitions will be circulated residents of each neighborhood and may be signed by any property owner who owns real property within the proposed incorporation area. The law provides that both husband and wife may sign a petition. The chairman stated that the committee does not plan to use paid workers to obtain signatures on petitions, but will ask interested persons to volunteer their services in the area in which they reside.

Only property holders whose holdings are within the boundaries of the proposed city may sign the petition. Any registered voter, however, may cast his vote in the special incorporation election. Mrs. Chubb cautioned all signers to sign their name and full address, including the town in which they reside, to the petition. "It is extremely important that each signer give his complete address so that county assessor may have some means of checking the petitions."

An announcement by the Campbell Business and Professional Women's stated that the club is tentatively planning to set up registration tables for the purpose of registering voters at various points throughout the city.

Should the circulators obtain the necessary signatures, the next move would be the publication of the complete petitions for a period of once a week for two weeks. Following publication of the petitions, they are then referred to the county assessor who certifies the validity of the signatures and then passes them on to the county

PETITION PASSERS SOUGHT

Mrs. Charles Chubb, chairman of the petition committee of the committee for Campbell incorporation issued an appeal for additional volunteers to aid for a special incorporation election. "We need from thirty to forty more volunteers. No one will be asked to circulate a petition outside of his own neighborhood," the chairman stated this week.

board of supervisors for public hearings. The supervisors may set as many hearings as they deem necessary to establish the need for a special election, but they must not exceed a two-month period. During the hearings, individuals

(Continued on Page 8)

County Taxes Reduced \$0.19

Taxpayers of Santa Clara County will pay less taxes this year by virtue of a 19c reduction in the 1951-52 tax rate. The county board of supervisors approved the preliminary budget, which calls for a 19c reduction, as the final budget at a meeting Monday afternoon.

The budget calls for an expenditure of \$21,745,697.16 and sets an inside tax rate of \$1.87 per \$100 assessed valuation with an outside rate of \$1.98 per \$100 assessed valuation. Last year's inside rate was \$2.06 and the outside rate was set at \$2.09.

The new rates will be levied on a total county valuation of \$387,116,395 as opposed to last year's assessed valuation of \$349,383,290. Balance of the 21½ million dollar budget will come from State and Federal grants and subventions and from approximately \$2,750,000 in surpluses built up over a period of years.

OPPOSITION TO WEST VALLEY HOSPITAL VOICED IN SARATOGA

Opposition to the proposed West Valley Hospital District developed at a meeting of approximately 50 interested citizens of the Saratoga area in the Saratoga Elementary School last Friday night. The group voted 38-5 to oppose the construction of a district hospital on the Vasona Heights building site. During a discussion session, several of those present voiced disapproval to the district, citing the location, cost of construction and economic feasibility as main objections to the plan.

Using a map of the district, J. Bradley Clayton stated that from the point of view of convenience to residents of the Saratoga area, the new O'Connor Hospital and the County Hospital would be easier to reach and more approachable by direct routes.

A. R. Todd Jr. submitted figures compiled from State Bureau of Hospital statistics which would place the cost of the structure at \$700,000. Added to this, he said, would be architects' fees, soil analysis and site survey, fixed equipment, contingencies, hospital equipment and construction supervision which would total and an additional \$222,000. All of these figures, according to Todd, were figured according to percentage estimates made by the state and represented a conservative figure.

Opponents stated that the hospital would have a poor chance of breaking even, let alone showing profit, and that taxpayers would get no great saving for services rendered.

Dr. M. E. Pickworth, a member of the O'Connor Hospital building committee, said that plans for the hospital involve a cost of about \$220,000 per bed and argued that the West Valley Hospital could not be constructed for the proposed \$750,000. Commenting on general hospital operation, Dr.

Pickworth stated that if full services were provided, the proposed hospital would prove an "uneconomic unit."

Chairman of the Board of directors of the West Valley District, Herbert Shadle, Secretary Harry S. Whiteman, Col. A. W. Howard and W. Newell Green of Sober and Green, architects for the hospital, were present at the meeting to defend the construction of the hospital.

Hospital plans and background of the district's formation were presented by them and stress was laid on the need for increased hospital beds. They stated that the hospital could be built for considerably less than the requested \$750,000 and that the surplus would serve as an adequate cushion to cover price rises or other building expenses.

Suspicious Sam sourly swore To give up and start anew. And then he tried our classified Sam's happy, you could be too.

COURT INCOME FOR CAMPBELL WOULD BRING ESTIMATED \$17,000

Leslie Kerr, of the taxation and revenue committee of the Committee for Campbell incorporation, stated in a partial report submitted to the group this week that court income for the proposed incorporated city of Campbell would reach an annual total of \$17,000. The report is based on state and county averages taking an estimated population of 10,000 persons for the city of Campbell.

The following is the text of Kerr's report.

At present (1951) income of the justice court of Campbell Township averages around \$350 per month or about \$4200 on an annual basis. However, Campbell now has little or no adequate police protection, other than one constable, a private commercial patrol employed by local subscriptions, and the county sheriff.

Through the enactment of a just and equitable city ordinance, designed to protect local citizens, and together with the employment of a suitable number of police officers, it seems fair to assume that 80 percent of the "unit of population average" for the 304 cities of California would be a most reasonable basis for Campbell to expect. On this basis, the result for the city of Campbell would be approximately:

Court income	\$17,000
Court Expenses	3,300

Net income 13,700

If Campbell's experience were to parallel that of the "population average" for the nine cities of Santa Clara County, or for the 304 cities of the State of California, the anticipated city court expenses and income from fines, forfeitures and penalties would amount to about:

	County	State
Court income	\$26,700	\$21,300
Court expense	3,900	4,200

Net income 22,800 17,100

"Unit of population" average	\$2.23	\$1.71
Estimate for Campbell	1.37	1.37
Morgan Hill for 1950	13.59	13.59

Revenues from fines, forfeitures and penalties are dependent greatly on traffic-law enforcement and attitude of the city judge. In addition, there seems to be some tendency on the part of administrations to "soak the motorist," as evidenced by collections of more monies from fines than is received from property taxation, namely:

	Property Tax	Fines, etc.	Population
--	--------------	-------------	------------

Greenfield	\$ 7,285	\$ 7,192	1308
Mendota	9,775	14,782	1537
Morgan Hill	20,991	23,987	1615
Ripon	13,120	25,152	1562
Tustin	16,220	16,956	1140
West Covina	17,835	21,196	4524

The Penal Code provides that all fines collected in a city on account of state statute or city ordinance violations are paid to the city. This includes all fines and forfeitures received from traffic arrests made by city police or the state highway patrol and would constitute the major portion of court income to be received by the city of Campbell.

Restrictions are placed on the expenditure of funds received from this source in that such monies should be spent for traffic control devices or for new construction or street maintenance.

It will be noted by referring to the following tabulation, that: (1) The cost of maintaining a city court in Santa Clara County consumes about fifteen percent of the total income received from court fines and penalties. Morgan Hill has the lowest with a ratio of nine as compared with 34 for Los Gatos and 25 percent for Sunnyvale. The state ratio is 20. (2) The amount of court revenues received by the nine cities of Santa Clara County average \$2.67 per unit of city population. Morgan Hill and Mountain View were the highest during 1950 with an income of \$14.85 and \$6.38. The lowest income received was \$0.63 and \$1.32 by the cities of Santa Clara and Sunnyvale respectively. The state average for year ending June 30, 1950 was \$2.13.

The estimated receipts for city of Campbell is \$1.70 per unit of population and is equal to a little less than 64 percent of the county average.

Receipts from Fines and Penalties. Also Amount Paid Out due to Maintaining a City Court. Cities of Santa Clara County for year ending June 30, 1950.

City	Receipts	Payments	Ratio	*Population	Avg. Number Recpts.	Payts.
Alviso	\$218	\$300	1.38%	532	\$.58	\$.52
Gilroy	7,785	2,301	.30	4,953	1.57	.46
Los Gatos	12,075	4,046	.34	4,880	2.47	.83
Morgan Hill	23,987	2,047	.09	1,615	14.85	1.26
Mountain View	21,813	2,236	.10	6,548	6.38	.xx
Palo Alto	60,771	13,441	.22	25,290	2.40	.53
San Jose	281,362	36,983	.13	95,044	2.96	.39
Santa Clara	7,386	2,909	.39	11,668	.63	.xx

Total	428,470	62,682	.15	160,480	2.67	.39
304 Cities	15,157,831	2,981,648	.20	7,122,576	2.13	.42
zz Campbell	17,000	3,300	.20	10,000	1.70	.33

Note: * Federal census as of April 1, 1950. z Seems to involve accounting adjustments. xx Data not readily available. zz Estimates.

Data indicated by the next tabulation covers seven cities considered as more or less comparable with Campbell. In this connection it will be noted that the ratios between cities of this group are quite uniform as to: (1) proportion of court revenue consumed to pay court costs; (2) unit averages for receipts; and, (3) unit average cost of maintaining a city court.

A comparison of court data for this group with similar data for the Santa Clara County cities show extreme variance in the amount of revenue received per unit of population. The high and low for this group are \$2.59 and \$0.90 as against \$14.85 and \$0.38.

Receipts from Fines and Penalties. Also amounts paid out due to maintaining a city court. Seven selected cities. Year ending June 30, 1950.

Barbara Short, Alfred Nicholls Wed In Campbell Church Recently

Miss Barbara Lee Short and Thomas Alfred Nicholls exchanged vows before the Rev. Lawrence Osborne in Campbell Methodist Church recently. Vocal selections by Mrs. Winifred Skillrud preceded the double ring rites.

The bridal gown was designed of white Chantilly lace and marquisette. A shirred lace Bertha collar was applied with beads and a draped peplum accented the full skirt. Barbara complemented her ensemble with a fingertip length French imported illusion veil which

was held by a crown. She carried a white Bible appointed with stephanotis and an orchid. Eugene Short gave his daughter in marriage.

Mrs. Jacque Holeman was her sister's matron of honor. She wore a ballerina length gown of lavender tulle over a taffeta slip with matching shoes and hat. Her bouquet was of yellow baby roses with lavender streamers and stephanotis.

The three bridesmaids, Mrs. John King, Barbara Woehl and Barbara Rose, wore matching frocks of orchid tulle over lavender taffeta. Matching accessories and bouquets completed their ensembles.

As flower girl, little Linda Nicholls, niece of the groom, was dressed in lavender and carried a basket of rose petals which she scattered. Donald Chamberlin, the benedict's nephew, acted as ring bearer. He carried a white satin pillow with streamers which held the wedding rings.

Completing the wedding party were Allen York as best man and ushers Neal Kennedy, Rex Jeffers and Douglas Strong.

The bride's mother viewed the ceremony in a dusty rose ballerina length lace dress, accented with navy blue accessories. Mrs. Veva Chamberlin, the bridegroom's sister, wore a navy blue dress with navy accessories. Both wore camellia corsages.

A garden reception followed in the Campbell home of the bride's parents. A five-tiered wedding cake, surrounded by white camellias, centered the bride's table which sat under an arch of roses and calla lilies.

As her going-away outfit, the new Mrs. Nicholls chose a navy blue suit with pink and blue accessories and an orchid corsage. The newlyweds left on a honeymoon trip to Southern California and Guaymas, Mexico.

The bride attended San Jose State College and is employed in San Jose as a dental assistant. Her husband attended Healds Business college and is employed by the American Trust Co. in San Jose.

Mrs. Jean Hodges Wins Rebekah Prize At Party

Mrs. Jean Hodges won the prize for the most unusual costume worn at the August 7 meeting of the Ada Rebekah Lodge in the IOOF hall in Campbell. Theme of the evening was "Backwards," for which members were requested to wear their clothes backwards.

Guest for the evening was Mrs. Edgar Kellogg of Golden Rod Rebekah Lodge in Porterville.

The meeting was presided over by Mrs. Ira Wyse, grand noble, assisted by the vice-grand noble, Mrs. DuBoise Rhine.

Committee for the evening was headed by Arlene Fellman assisted by Mesdames Fred Fellman, DuBoise Rhine, Verlyn Fellman, and Ernest Farley.

MR. & MRS. ELMER KNIGHT of Holtville, were weekend guests at the home of MR. AND MRS. DARELL KINZIE of Kenneth Avenue. Knight and Kinzie served together in Texas as aircraft mechanics in the Navy.

The Kinzies and daughter, WANDA, leave Friday for Odell, Oregon, to visit with Kinzie's parents, MR. AND MRS. V. E. KINZIE and to bring home their son Jimmy, who has been visiting his grandparents during the summer.

J. W. Knowles' Return From Recent Vacation In Alaska And Northwest

Mr. and Mrs. J. W. Knowles, 140 Rincon Avenue, recently returned from a month's tour of Alaska and the northwestern United States. The Campbell couple spent fifteen days in Alaska and the remainder of their trip in Washington and Oregon.

The couple stated that one of the most impressive sights in their summer tour were the icebergs and glaciers which they saw near Juneau. The icebergs, which vary in color from crystal blue to white, took the form of fantastic and beautiful shapes. Only 10 percent of each iceberg was visible to members of the ship, while the remaining 90 percent was under water. In contrast to the fresh whiteness of many of the "live" glaciers, were the "dead" or receding glaciers which were dirty and ugly. The live glaciers are those which are still active, while the so-called dead glaciers are the receding or inactive type.

The couple visited the famous Mendenhall Glacier near Juneau and the Columbia Glacier near Valdez. It is the custom of many of the ship's captains to sail close to the Columbia glacier and blow the ship's whistle to dislodge huge portions of ice with the vibration of the whistle. The couple stated that their speed made them seem much like ships.

The Knowles also stated that they were very much impressed by the length of daylight in Alaska. Although they often arose before 5 a.m., they found the sun was already up. The light would last as late as 10 p.m. Although the days were warm, the Knowles found that they were not excessively hot and, except for their return trip, the couple enjoyed clear weather for the whole tour.

Mrs. Knowles commented on the rebellion of the local people against the establishment of the fish traps by large canneries in Alaskan waters. The local inhabitants believed that the method of trapping fish was wasteful and was gradually eliminating salmon from the area. The canneries contended that they could trap fish in any manner that they chose. Consequently, the pirating of fish from cannery traps was a common practice among many of the people in the northern land.

The tour included a stay in the city of Anchorage which the Campbell couple described as one of the real frontier cities in Alaska. One of the features of the northern city are the 200 saloons which cover an area of four city blocks. Outside the city are another 50 saloons. The Knowles also commented on the tremendous amount of defense construction under way in Anchorage.

Another stop on their itinerary was the typical frontier town of Ketchikan. The Alaskan city is built on the side of a rock hill with many of the streets constructed of boards laid over pilings. The houses are built on the side of the hill on top of wood pilings also. During their stay in Ketchikan,

Evelyn Steinkamp- Robert Knowles Engagement Told

Evelyn Steinkamp and Robert Knowles announced their engagement at a party held in Berkeley recently. The bride-elect is the daughter of Mr. and Mrs. C. H. Steinkamp of Fresno. She is a graduate of Fresno schools and is attending University of California at Berkeley.

Knowles is the son of Mr. and Mrs. J. W. Knowles, 140 Rincon Avenue, Campbell. He is a graduate of Campbell high school and is a member of the U. S. Navy with a rating of electronics technician first class. At present he is stationed at Mare Island Naval Base. He has been a member of the Navy for the past four years and plans to make a career there.

The couple plan to be married in November in the Lutheran Church in Fresno.

Grange To Hold Rummage Sale

Members of the Home Economics Club of the Orchard City Grange will hold a rummage sale Friday and Saturday, August 17 and 18, in the IOOF hall from 9 a.m. to 5:30 p.m., it was announced this week.

The Knowles visited the government tent pole park and saw a milk farm with 1500 breeding minks.

In Petersburg, they toured a freezing plant and watched salmon and halibut being prepared for shipping. They also visited a freezing plant and watched salmon and halibut being prepared for shipping. They also visited a shrimp packing plant while it was in operation.

The couple said that the cost of living was exceptionally high in Alaska, citing milk at 40c a quart and bread at 40c a loaf as examples. They added however, that high wages in the area made a balance between prices and wages.

During their trip through the Alaskan waters, the Knowles said they met a fleet of fishing boats which were so numerous that they resembled a string of fire flies which lasted for miles and miles.

On a visit to the Matanuska valley, they saw many homesteading veterans. The couple stated that many of the government roads now being constructed in the Alaskan area will make possible many more such plans.

CAMPBELL REGISTER

MR. AND MRS. RAY CLEVELAND and daughter LOUISE and Mrs. Cleveland's father, L. J. DANIE of Richland, Missouri, visited the Willard Cleveland residence, 71 E. Rincon Avenue, during the last two weeks.

The JOSEPH (Budd) LEVENBERGS spent last weekend visiting the Frank Coombs at Lake Tahoe. The Coombs, formerly of the Cambrian district, operate the Tahoe Amusement Company at the lake during the summer months. The Levenbergs spent their stay on the beach, in speed boats and seeing the sights of the summer resort land.

MRS. A. W. ZWICKY returned to her home in Waupacka, Wisconsin this week after ten days spent with her son and daughter-in-law, MR. & MRS. DOUGLAS ZWICKY of 71 North First Street. While here the Zwicks took many side trips to Santa Cruz, Big Basin and San Francisco. It was Mrs. Zwicky's first trip to Northern California and, as a fourth grade school teacher, she was much impressed by the many fine school buildings in this part of the country.

Lake Tahoe was the vacation spot chosen by MR. AND MRS. CLIFFORD GERLACH and children GAYLE and GARY, of 149 N. Winchester, on their recent vacation trip. The local couple also enjoyed visiting at Emerald Bay.

MR. AND MRS. ROBERT LELAND KEESLING are now at home in Willow Glen following a 10-day honeymoon at Arrowhead Lake and in Los Angeles. The newlyweds took their vows July 8 at Trinity Church in San Jose. Mrs. Keesling is the former Beverly Obenour, the daughter of AUSTIN OBENOUR of Willow Glen, while Mr. Keesling is the son of MR. AND MRS. MERVYN KEESLING of San Jose-Los Gatos Road.

MRS. GUY BERG, 850 W. Parr, is home again after enjoying a two-weeks' vacation at the Russian

W. H. Lloyds Are Feted On Wedding Anniversary

A surprise party was given for Mr. and Mrs. W. H. Lloyd, 39 North Second Street, by their children to celebrate the couple's 57th wedding anniversary on August 7.

First event of the party was the delivering of a group of anniversary cards which had been mailed to them in care of the Ainsley Corporation by members of the family residing in Fresno and Palo Alto which were delivered before noon by William N. Lloyd.

During the evening, sons and daughters, together with grandchildren and great-grandchildren, brought the couple refreshments and assembled in the home for a family reunion.

River, Calistoga, San Francisco, and Santa Rosa. She was the guest of her sister and brother-in-law, MR. AND MRS. RUSSELL SCOTT of Santa Rosa. She was joined for three days at Russian River by Mr. Berg.

MRS. F. N. GUILD, MISS LORENA MERRIMAN and MISS ETHEL MERRIMAN plan to leave Sunday to spend the winter at their home in Tucson, Arizona. While they are away, their Alice Avenue home will be occupied by MR. AND MRS. DENNING of San Jose. They have one daughter who will enter Campbell High School this fall.

MR. AND MRS. RAY GULLISON and children, ANNE SHIRLEY, RALPH, ELIZABETH and Patsy of 101 Union, returned recently from Big Sur, where they enjoyed an 8-day camping tour. Horseback riding and swimming were the main features of the outing.

Word from JUDGE and MRS. MARTIN WALSH reveals that they are having a wonderful time on their motor trip through the northwest states, the latest word having been received from Jackson Hole, N. Dakota. The Walsh's plan to return via Yellowstone Park and should return to Campbell by the first week of September. While away, Judge PAUL CRAWFORD of Saratoga has been handling traffic cases on Thursdays, and

Judge GEORGE STEPOVICH of Los Gatos will take over the last week of August.

MR. AND MRS. RICHARD SLAUTER and daughter MARCIA of San Tomas Road returned Sunday from a week's vacation.

MISS JUNE HAVER of Hollywood fame attended Mass recently at St. Lucy's church as a guest of FATHER GERALD FLYNN of San Jose. Following services, Miss Haver and Father Flynn were breakfast guests at the home of JOHN KAY and his daughter, MISS MARILYN KAY at 71 Hardy Avenue. Miss Kay has been invited to look up Miss Haver while on her vacation in Hollywood the last of August.

Gas and electricity are cheap in California!

**P. G. and E. home rates
are far below U.S. average!**

The cost of living has gone up 88% since 1940, but P. G. and E. domestic rates are actually lower than 11 years ago! Nothing else you buy costs so little—does so much. Let P. G. and E.'s bargain gas and electricity do more of your work, bring you more of life's comforts.

Take SAN FRANCISCO for example:

Typical residential
gas and electric bill
In San Francisco . . . \$7.53
In all U.S. cities
of similar size . . . \$13.23

* Average for all U.S. cities outside
California over 500,000 population.
Based on a typical use of 100 KWH
and 100 therms of gas per month.

Hardwaremen Top Independents In Practice Game

The Campbell Hardwaremen downed the Independents in a practice tilt, Wednesday, August 8, on the local diamond by a 6-2 score.

The Hardwaremen took an early lead, scoring once in the first inning and twice in the second frame while they held their opponents to a blank until the top of the third when Pounds crossed the plate after taking a base on a bunt.

The Independents were held scoreless until to top of the last inning when Lyons smashed a double and worked his way over the plate following a single by Aspesi.

Heads up ball on the part of the Hardwaremen kept the Independents in the hole most of the game as they snapped off 13 flies to prevent scoring threats.

Electrics Slip By Chamber Of Commerce, 17-10, In Close Battle

The Davenport Electrics were well scared by the Jr. Chamber of Commerce as they came from behind to win by a final score of 17-10 Monday night on the local diamond. The Chambermen took an early seven-point lead and held it until a tie in the last of the second only to go ahead again in the third by three more points and hold their lead until the Electrics finally managed to pass them up in the bottom of the fifth.

Five passes, an error, and two hits in the top of the first gave the locals a seven run lead which the Electrics were unable to overcome until the end of the fifth.

The Los Gatos team squeezed out three safeties for two tallies in the first and tied it up in the bottom of the second when they blanked their opponents and slammed two hits for five tallies.

The Chambermen bounced back in the top of the third with three more runs to take the lead, 10-7.

The Electrics blanked them in the fourth and managed to pass them in the last of the same inning when they brought across three more tallies to take a 13-10 lead.

The Los Gatos managed to stall the locals for the remainder of the game, giving up only two hits in the last inning for no runs while they went on to score four more in the final stanza.

SUMMER PROBLEM

Before putting clothes containing sand—Small Fry's summer play suits, for instance, in the washer, shake them well, turn all jackets inside out, turn pants cuffs down and brush thoroughly. If the sand is damp and tends to cling, soak garments 10 or 20 minutes in a pail of lukewarm water and rinse under running water before adding them to a washer load.

VFW TOPS JR. ODD FELLOWS, 7-1 IN TIGHT CONTEST

The league-leading VFW hurlers rolled over a game but outclassed Jr. Odd Fellows team, 7-1, Monday night. Careful mound work on the part of both teams kept a blank in the hitting and scoring columns until the top of the second when Hill of the Odd Fellows blasted a single for the first hit of the game. With one away, Hill's single advanced Gilpatrick, who had taken one after being hit by a pitched ball, to second. Young then tried to do it for the Odd Fellows, but was fanned by VFW hurler Dany. Roggach advanced the boys and loaded the bases when he took a base after being hit by a pitched ball. With two away and the bases loaded, Logan slammed one out to first but was caught before he could make the sack.

In the bottom of the second, the VFW tried to bring in one, but all they could get was a safety which still left the mwth a blank in the scoring column.

The top of the third saw the Odd Fellows blanked again, while the VFW cut loose with three safeties for two tallies to end the scoreless tie.

In the fourth frame, the Odd Fellows tried to even it up but lost their chance as three men fanned after Gilpatrick took a base on a single. Fast fielding in the bottom of the same frame kept the VFW from scoring.

With the score still held down to a tight 2-0, the Odd Fellows scored their only run of the game in the first of the fifth as Logan crossed after taking a base when he was hit by a pitched ball. The VFW bounced back to open up their big guns for four hits and five runs to seal up the game.

The Odd Fellows tried to even it up in the last, but were blanked again by the strong VFW.

Campbell Grammar Wins Thriller From San Tomas

The Campbell Grammar school batmen staved off a last minute rally by the San Tomas team to take a close 10-12 game on the local diamond last Thursday night. With the Campbell men leading by a scant 7-6, the San Tomasans opened up with a series of three hits and took advantage of two errors to bring across four tallies in the top of the third stanza. The locals bounced back with a hitting spree to bring in five runs on four hits in the last of the same inning. Heads up pitching on the part of Campbell hurler Noble staved off any attempt at a final inning rally as he blanked the San Tomasans with only one pass.

The Campbell men took an early lead when they scored six tallies to tallies to their opponents two in the first frame. The San Tomasans tried to make it up in the second when they tied it all up with four more runs in the top of the frame. The Grammarians managed to push over only one in the bottom of the same frame to take the lead, 7-6.

San Tomas batmen made a final bid in the top of the third when they swatted three for a total of four tallies. The Campbellmen bounced back into the lead in the last of the same inning when they unleashed a series of hits to cross the plate five times for the final scoring of the game.

In the final round, the locals held the San Tomas team to a blank as Noble pitched a no hitter and passed only one man.

Electrics Stun Odd Fellows, 26-2

The Los Gatos Davenport Electrics swamped a hapless Jr. Odd Fellows, 26-2, as Los Gatos hurler Ortolan gave up only one hit to the locals.

The Davenports were held to two hits in the bottom of the first and blanked in the scoring column. They were held to only one safety and two tallies in the second. The bottom of the third stanza saw the Electrics unleash a hitting spree for eight hits and eighteen tallies.

The fourth frame saw the Los Gatos team slow up as they were able to bring across only five more tallies.

The top of the final stanza saw Gilpatrick spoil a perfect inning for Electric hurler Ortolan with a single for the only Odd Fellow hit of the game.

CD Program Calls For Registration Centers In Attack

Establishment of central registration centers to provide speedy answers to an estimated seven million anxious calls following an atomic attack is included in California's Civil Defense program. This was made known recently by Maj. Gen. Walter M. Robertson, State Director of Civil Defense.

As quickly as conditions permit, after an atomic attack, trained registration teams will comb devastated areas compiling identification data to be eventually channeled, he said, to a central registry. There it will be catalogued according to a system previously adopted statewide.

Studies made by the Office of Civil Defense indicate a possible four and one-half million homeless, injured and dead will require registration if several California cities are attacked at one time.

Although the registration teams will function without delay, General Robertson warned there is little hope inquiries concerning individuals will be answered within the first 72 hours.

"Several days may be needed

before records can be assembled at a central registry," he added.

The state civil defense director reviewed the mass registration phase of the program during the weekly statewide broadcast by the Office of Civil Defense.

Also participating on the program were Orville R. Caldwell, Deputy State Director and Newton R. Holcomb, Chief, OCD Evacuation and Welfare Services.

General Robertson stressed that registration had a major status in the Civil Defense program for three reasons:

First—it will aid Welfare Services to reunite families. Second—it is essential to know WHO people are and WHERE they are in order to be able to answer inquiries about them. Third—dead, injured and those first listed as missing must be located and identified.

Deputy Director Caldwell explained that the estimate of seven million anxious inquiries from all parts of the nation was based on experiences attending the Texas City explosion in 1947.

Verle Grizzle
Opens Jewelry
Store Here

Verle Grizzle announced the opening of the establishment of Verle Grizzle, Jeweler, 267 East Campbell Avenue, today. Grizzle has been a resident of the Campbell area since 1914. Following his discharge from the Navy at the end of World War II, he has been employed by several jewelry establishments in the area.

Grizzle is married and is the father of a 5-year-old girl. He stated that he decided to go into business in Campbell because he has been a resident of the area for most of his life and has seen tremendous potentialities in the growth of the area since returning from the war.

Grizzle said that negotiations are being made for franchises of national brand items. He will carry a complete stock of diamonds, watches, ladies and mens jewelry items and jewelry gift items.

C of C Plans
Pledge Drive
For Stamp Plan

Members of the Chamber of Commerce Merchant's Committee are consulting with an attorney to prepare a subscription pledge to gather funds to finance the initial costs of installing a trading stamp program in Campbell.

The trading stamp plan would provide stamps redeemable in merchandise for all cash purchases in Campbell stores participating in the plan. Tentative plans provide for the issuance of stamps at the rate of ten for every dollar purchase. Stamps would then be redeemable by the customer at any store in the Campbell area which participates in the program.

Members of the merchant's committee working on the plan are Harold Estensen, chairman, Dobie Jeffers, Cel Gerevas, Frank Accardi, and Tom Burnett.

No. 120 of the County of Santa Clara, and did declare it to be its intention to consider said proposed amendments in the manner provided by law, which proposed amendments are as follows:

To amend Sectional District 10-am of the Fourteenth Unit of the Zoning Plan to reclassify certain property from an R-1: B-2 zone to an R-1:B-D zone, said property located on the easterly side of Quito Road between Paseo Oramas and the Southern Pacific Railroad right-of-way.

NOTICE IS HEREBY FURTHER GIVEN that the Commission did set certain times and places for public hearings on said proposed amendments at which times and places any and all persons interested in said proposed amendments may appear and be heard thereon, which times and places are as follows, to-wit:

At the hour of 2:00 P.M. on the 5th day of September, 1951, in the Board of Supervisors Chambers at the Court House, San Jose, California.

Well-Known
Resident Passes

Last rites will be held for Ruth O'Brien, well known and loved resident of the Campbell area at the Krug Memorial Chapel today at 2 p.m.

Mrs. O'Brien, wife of Barth O'Brien, was known for her active part in civic affairs of the area. She was a charter member of the Garden Club and served as that group's representative to the Chamber of Commerce Board of Directors. She was a charter member of the American Legion Auxiliary Post 596 and served as the treasurer of that organization until illness forced her resignation. She was also a member of the Eastern Star Mystic Chapter 53.

Mrs. O'Brien was born in Atchinson County, Kansas, and moved to Montana shortly after.

During recent years, she served as a substitute mail carrier for the Campbell Postoffice.

She was the daughter of Belle Reynolds, sister of Mrs. Chester Elkins and Charles Reynolds, all of Montana; Mrs. Howard Angell, Berkeley; Claude Reynolds, Cupertino; Dr. Ralph Reynolds, San Francisco.

Rev. Corwin H. Olds will officiate at the ceremony today. An American Legion Auxiliary service will also be held.

Remains will be shipped to Polson, Montana, for interment.

Forrest Reese
Announces Sale

Forrest Reese announced the sale of his capon ranch at 155 White Oaks Avenue to Paul Quintarelli of San Francisco this week. Quintarelli, who will live on the premises, is a former resident of San Francisco. He is married and has an 8-month old boy.

Quintarelli attended Heald's Architectural and Engineering College in San Francisco prior to moving to Campbell. He spent two years in the Army Air Force in the South Pacific during World War II. He stated that the ranch will be known as the P and J Poultry Ranch from the date of the sale.

Reese, rancher and secretary of the Campbell Chamber of Commerce, stated that he expects to "take life easy" for a while and devote his spare time to chamber work.

Southern Calif.
Trip Enjoyed
By Local Women

Mrs. Wilfred Peterson of North Milton Avenue, Campbell, and her daughter Joyce, were guests recently of Mrs. W. J. Abbott, Farwell Avenue, Saratoga, on a two weeks motor tour of Southern California. Also on the trip was Mrs. Abbott's granddaughter, Stephanie Abbott, of San Jose.

Headquarters for the travelers was a cabin at Laguna Beach, and from there they made many interesting side trips, including a television appearance on the Thrifty Drug Store program, a trip to

Knox Berry Farm, a tour of numerous ceramic factories, a day spent in Tijuana, Mexico, a picnic in Balboa Park, San Diego, and a day spent at Farmers Market in Los Angeles. A highlight of the trip was a day spent at the Art Festival featuring a pageant of great masters at the Greek Theatre in Laguna Beach. As a remembrance, Mrs. Abbott brought home an original painting by a world-famous painter.

During the two weeks vacation,

Last Rites For Mrs. Louella Latner

Last rites will be held at 2 p.m. today at the Rutherford Funeral Home for Mrs. Louella Latner, whose husband Jesse, died July 22.

Mrs. Latner succumbed during the night of August 15 and her body was discovered in her bedroom at her home on 48 Gilman Avenue. She was 61 at the time

of her death. Survivors include three daughters, Mrs. Dorothy McCann of Flint, Mich.; Mrs. Audrey Stein of Davison, Mich.; and a son, Dayton Latner of Campbell. She was a native of Arkansas and a resident of Campbell for three years. Interment will be in Santa Clara City Cemetery.

Los Gatos Upsets Cupertino Apple Cart In 10-4 Tilt Tuesday Night

A rejuvenated Los Gatos Kiwanis ball club unhorsed the league leading Cupertino Y.C.'s 10-4, Tuesday night. The Los Gatos, returning from a surprise defeat at the hands of the Saratoga Recreation team last Thursday, took an early lead in the contest and had little trouble in downing their rivals for the league leadership. While YC hurler Martinez gave up only five safeties against his opponents' six, a series of nine passes told the difference in the two teams.

The Kiwanis took an early lead when catcher Johnston smashed a triple to work his way into pay dirt for the first tally in the top of the initial stanza. Cupertino tried to even it up in the last half of the same inning, but they never saw first base land as fast playing caught Carrasco, Carmona and Griffin before they could tag the bag.

Two singles and three passes gave the Los Gatos club five runs in the top of the second to increase their lead by a long six. Heads up pitching by Boggs kept the YC's from scoring in the bottom of the second as Martinez took a base after being hit by a pitched ball and Monejo and Rutt both fanned. Jones blasted one over to Main, but the Los Gatos second baseman burned it back to first before Jones could make a try.

The third inning saw the Los Gatos Kiwanis take three more tallies on a double, a single, a pass and a sacrifice to bring the score up to 9-0. Moraldo singled and crossed the plate for the first tally for the YC's in the second half of the third.

YC hurler Martinez dogged down the hatches in the top of the fourth to give his opponents only one run on a pass while YC catcher Griffin clouted one all the way to bring his team's total up to two at the close of the inning. Martinez continued to tighten up for the remainder of the contest to blank the Kiwanis with no hits and no runs while his own men pushed across two more in the bottom of the fifth on an error and a pass to bring the final score to 10-4.

The victory over the Cupertino club gives the Los Gatos a tie with them for league leaders with one loss each. The Saratoga Recreation Club had previously spoiled the Los Gatos team's perfect record by handing them a 7-6 defeat last Thursday night. Should both Los Gatos and Cupertino continue the remainder of the season with no defeats, playoffs will be held to decide the league winner.

Tax Assn. To Fight Tax Referendum

Formation of the Parents Tax-payers Association was announced today along with a warning from its chairman, Robert McCarthy, that all voters investigate carefully before signing petitions for referendum.

"The elected representatives of the people of California, the California State Legislature, this past session granted tax exemption to non-profit, private elementary and high schools," declared McCarthy. "All other states in the Union grant such exemptions and since 1914 this state has exempted colleges, hospitals and cemeteries on the sound ground of public service."

"Now certain interests are attempting to bring this act to referendum. Petition circulators are approaching voters. It is to counteract this that the Parents Tax-payers Association is being formed."

LEGAL NOTICE

NOTICE TO BIDDERS

Pursuant to law and Resolution No. 82 of the District Board of County Sanitation District No. 4 of Santa Clara County, State of California, passed and adopted the 1st day of August, 1951, ordering work, determining prevailing rates of wages and directing this Notice, said District Board invites sealed proposals or bids for the following work to be done, to-wit: The construction of sanitary sewers and appurtenances with the materials therefor and in the manner set forth and in accordance with the plans, detail drawings, profiles and specifications adopted therefor, to which plans and specifications and resolution ordering work reference of said work and the terms and is hereby made for a description conditions under which the same is to be done.

Plans and specifications and proposed contract documents for the proposed work may be seen and examined at the office of said Sanitation District, to-wit, the office of Don Reinhoel and L. Cedric Macabee, 156 University Avenue, Palo Alto, California, or may be secured at the engineering office of said Don Reinhoel and L. Cedric Macabee by making payment of Fifteen Dollars (\$15.00). There will be a refund of Ten Dollars (\$10.00) on plans and specifications to any bidder or interested bidder who returns the same in good condition within five (5) days after the opening of bids.

Pursuant to law, workmen employed on said work shall be paid not less than the hereinafter set forth prevailing scale of wages:

Classification	Hourly Rate
Laborers, Group I.	\$1.95
Pipelayers, etc.	
Laborers, Group III.	1.70
General	
Trenching Machine Operators	2.57

all in accordance with the rates fixed by schedule adopted by the District Board of County Sanitation District No. 4 of Santa Clara County, to which reference is made for rate of payment not herein specified and for rates for overtime and legal holidays in the locality in which this work is to be performed for each craft or type of workman or mechanic needed to execute the contract.

Notice is also hereby given to bidders that it shall be mandatory upon the contractor to whom the contract is awarded, and upon all subcontractors under him to pay not less than said general prevailing rates of per diem wages, as above listed, to all laborers, workmen, and mechanics employed in the execution of the contract.

Before submitting proposals, the bidders shall be licensed in accordance with the provisions of Chapter 9, Division III, of the Business and Professions Code, Chapter 37 of the Statutes of 1939, as amended, of the State of California, which provides for the registration and licensing of contractors.

Each bidder must submit with his proposal a statement of his financial responsibility, technical ability and experience on the form to be furnished prospective bidders, and a statement as to whether the bidder is an individual, a partnership, a joint venture, or a corporation.

Each bidder shall submit with his bid, on the form provided, the name and address of each subcontractor, including the principal suppliers of materials, and the portion of the work which each subcontractor will do. If the contract fails to name the subcontractors in his proposal, he shall be deemed to have agreed to perform such portion of the work himself and shall not be permitted to subcontract said portion of work without previous written permission of the Sanitation District Board.

ALL PROPOSALS or BIDS must be delivered to the undersigned Secretary of said District Board at its office, to-wit, the office of the Clerk of the Board of Supervisors of Santa Clara County, Court House, San Jose, California, on the 29th day of August, 1951, up to the hour of 10:00 o'clock A.M., on which day at the hour of 10:00 o'clock A.M., in said office of said District Board, said PROPOSALS or BIDS shall be publicly opened, examined and declared, and each PROPOSAL or BID must be accompanied by a check certified without qualification by a responsible bank, payable to said Sanitation District, for an amount not less than ten percent (10%) of the aggregate of the proposal, or by a bond, for said amount and so payable signed by the Bidder and two Sureties, all as prescribed by law.

The District Board reserves the right to reject any or all bids and to waive informality or irregularity in any bid.

BY ORDER OF THE DISTRICT BOARD OF County Sanitation District No. 4 of Santa Clara County, California, this 1st day of August, 1951, by the following vote:

AYES: Directors, DeSelle, Mc-

THE FARMERS CORNER

by Ralph H. Taylor
Executive Secretary
Agricultural Council
of California

THE FARMER—CASUALTY OF MECHANIZATION

Between the times of Nellie the plowhorse and Betsy the tractor, life on the farm—agriculture—has undergone tremendous alteration.

Spectacular improvement of crop yield, conservation, improved livestock, all have helped American agriculture to keep pace with mushrooming population increase and growing demand for a more varied and healthful diet.

Along with achievement on the farm, however, has come greater hazard.

Dr. William W. Bolton, associate director of the American Medical Association Bureau of Health Education, reports that farm accidents now take a toll of 17,500 lives each year.

MILLION AND A HALF INJURIES

Indicating that the total annual loss from accidents and fires on the Nation's farms approximates one billion dollars, Dr. Bolton, in an AMA published article, added: 1,500,000 disabling injuries are suffered a year from farm accidents!

By comparison, recent figures on the Korean conflict state that approximately 80,000 members of the American armed forces have been killed or wounded or are missing.

In other words, Nellie's kick may have been something to behold (and avoid), but in terms of downright danger, Betsy the tractor and her mechanized barnyard friends are far more potent.

As Dr. Bolton puts it:

"Although the kick of a horse can be just as lethal now as it was a century ago, mechanization of farms has played a significant part in increasing hazards of the industry, just as hazards have increased in our cities through the widespread use of motor transportation."

CITY PROBLEM

"Such reminders," Dr. Bolton

CURTAINS IN WASHER

You can wash eight or twelve curtains at one time in your automatic washer by putting two or three curtains in each of four cheesecloth or loosely woven muslin bags (a pillow slip will do) and placing the bags in the washer.

is quick to point out, "are important not only for farm folk, but also for the millions who depend on high farm productivity for their daily bread and all other sources of nourishment."

A "merging of interests" in order "to master this Frankenstein of modern living" is called for by farm and city dwellers "so far as the common denominator of accidents is concerned," Dr. Bolton emphasizes.

In that vein, it is well to remember that while the frightening reality of war is quick to prompt a national pulling together for the common purpose, the steady drain of resources and manpower from accidents on the farms and in the cities saps materially from the national economy, too—and should call for the same pulling together for a solution.

The application of a little common sense might make this day and age accidentwise, nearly as safe as that of the horse and buggy.

MR. AND MRS. DONALD SCHWAB and daughters CATHIE LOU and BARBARA JEAN were Sunday guests of Mrs. Schwab's aunt, MRS. LUELLA RYAN.

MR. AND MRS. E. A. GARRISON of Emory Avenue and MR. AND MRS. HAROLD BROWN of Kenneth Avenue left Sunday to spend a week at the Garrison cottage at Lake Tahoe.

MR. AND MRS. MERVYN KEESLING of San Jose-Los Gatos Road returned recently from visiting their son and daughter-in-law, MR. AND MRS. REYNOLD KEESLING of Pueblo, Colorado. On their 18-day motor trip, they visited Colorado Springs, Pike's Peak, Grand Canyon, Garden of the Gods, Royal Gorge, Cripple Creek, Grand Junction, Continental Divide, Zions Canyon, and Las Vegas.

The Keeslings left Thursday for a five day trailer vacation at Yosemite.

STATE SENATOR JACK THOMPSON and LOUIS BERGNA of the district attorney's office were honored guests recently at a potluck swimming party given by MR. AND MRS. CLIFFORD GERLACH of 149 N. Winchester for members and families of the California Highway Patrol of Santa Clara County.

Nearly twenty couples were served dinner at three in the afternoon and again at eight in the evening, with swimming in the Gerlach pool being enjoyed during the afternoon and evening.

Of interest to many Campbell residents is the news that former Campbell residents, COL. AND MRS. HERBERT ENDERTON are preparing to leave for Ecuador, where Col. Enderton has been appointed as Military attache. Col. Enderton is now in Washington, D.C., receiving his orders, while Mrs. Enderton and children are closing their Menlo Park home. Mrs. Enderton is planning to accompany young HERBERT ENDERTON to New York, next weekend, where he will sail for England on September 4. Herbert received a scholarship to an English school, and was one of the five in United States so honored.

During the Enderton's tour of duty, they will be accompanied by

Cambrian Stops San Tomas, 13-6

An outclassed San Tomas ball club went down to defeat at the hands of Cambrian Market, 13-6, Tuesday night on the Campbell field.

The Cambrianites had little trouble in downing the San Tomasans as they took an early lead with a series of six passes for five tallies in the first stanza. San Tomas tried to duplicate the feat in the bottom of the first, but managed to score only three times on seven passes.

Cambrian rolled on in the top of the second stanza when they tallied twice on one safety and one error. The San Tomas couldn't snap a score in the last of the same frame when they were zeroed with no hits, no runs.

The Marketeers went on to ring the bell five more times in the third on three safeties. Catcher Epperson of the San Tomasans, spoiled Cambrian pitcher Pierce's try for a no-hitter when he slammed a single for the only hit for his team. Epperson and Fava both crossed pay dirt to score two for their team.

The Marketeers were held to a blank in the last frame with only one hit while Yates tallied for the San Tomas boys.

ALICE and DONNY, while their oldest daughter, ANN, will enter Stanford as a senior this fall.

A boy, Steven Leroy, was born to Mr. and Mrs. Walter Johnson, 312 Esther, on August 5 in O'Connor hospital.

MORE ABOUT W. V. Hospital

Continued From Page One
This group," Shadle continued, "it would be impossible for surgeons belonging to the association to bring patients to the hospital."

He pointed out that many of the opponents to the district held the belief that the hospital could not be constructed without exceeding the \$750,000 bond issue. "Many persons have said that the hospital would cost more than a million dollars. Let us investigate this statement further. The architect's plan calls for a total cost of \$546,000 for all outside construction. This figure also includes the cost of all attached fixtures. In addition to this, an expenditure of \$100,000 would be necessary to cover equipment costs. This leaves a total cushion of \$104,000 to care for any unforeseen eventualities. Many people have told me that this would not cover the cost of construction due to the continued spiral of costs which are in evidence during these times. They have stated that the cost of construction would increase far beyond the \$750,000 allocated for the project. Contrary to the belief of the general public today, government credit restrictions have forced a drop in the cost of building materials. This drop would naturally be to our advantage."

MORE ABOUT Petitions

(Continued from Page 1)
or groups may petition the board for exclusion from the boundaries of the proposed city. The board may not, however, extend the boundaries in any manner.

Following approval by the board of supervisors, date for special election will be set.

This latest move in the incorporation drive followed the tentative approval by Santa Clara County Boundary Commission last Monday by a vote of 4-1. Sole dissenter on the commission was cast by a representative of County Assessor Hayden W. Pitman. Pitman indicated he would have favored incorporation more closely within the boundaries of the Campbell Lighting District.

Don Reineohl, member of the committee for Campbell incorporation and engineer for both the County Sanitation District 4 and Campbell Sanitary District, appeared before the commission to urge approval of the boundaries.

The boundary commission is made up of the chairman of the board of supervisors, county assessor, county auditor, director-secretary of the county planning commission, and road commissioner-surveyor.

The area which members of the general committee are seeking to incorporate is roughly bounded by the limits of the Campbell Lighting district, but branches out to take in the Cambrian district and small portions west and south of the San Jose-Los Gatos Road including Jewell and Lantz Avenues.

MORE ABOUT Fire Department

(Continued from page 1)
dangers not taken care of by the building codes.

Firemen especially trained for the inspection work are now being processes for the inspections. In conjunction with the inspections, a series of letters will be mailed to residents of the area explaining the plan.

The drive is part of a nationwide program to reduce loss of life and property damage due to fire. Scott stated that 7000 lives were lost and \$200,000,000 in property damage was caused by fire last year. "We hope that our program will help to reduce the terrific loss by fire throughout the nation."

SERVICE NOTES

CAMPBELL MAN WITH NAVY IN KOREA

John W. Brown, radioman, third class, USN, son of Mr. and Mrs. John R. Brown of 1045 Carola Avenue, Campbell, is serving aboard the amphibious force flagship USS Eldorado, command ship for Naval forces supporting the UN delegation in Korea.

The Eldorado's crew had a ring-side seat watching war correspondents in action when the first pictures of the peace meeting were dropped on the after deck of the Eldorado and radio-photo direct from the ship to San Francisco.

During the peace talks, the elaborate radio and radio-photo facilities aboard have beamed to the world news stories and pictures of the conference in progress.

BUTTON SHOW ENDS

The California State Button Club ended a three-day show in the San Jose Civic Auditorium last Sunday evening following the awarding of several prizes to Santa Clara County members.

The state show is planned for Santa Barbara next year.

eral public today, government credit restrictions have forced a drop in the cost of building materials. This drop would naturally be to our advantage."

Shadle pointed out that proposed West Valley would be much cheaper to put into operation than the county hospital. "The new county budget which has just been approved by the board of supervisors calls for an expenditure of \$0.655 of the county tax dollar for the maintenance of the county hospital. The total cost including bond redemption and any special taxes

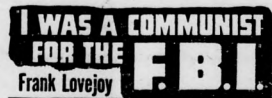

which might be necessary for the construction of the West Valley hospital, is set by law at \$0.40 per \$100 assessed valuation. This amount would of course be reduced each year as the bonds are paid off and as the profits from operation are received."
